Accessibility Services

How To Get Started

1. Students seeking accommodations, academic adjustments, and/or auxiliary aids and services, must first make an appointment to meet with the Accessibility Services Program Administrator to register for support services.
2. At this meeting the student should identify him or herself as having a disability and should provide the AS Program Administrator with complete diagnostic testing and/or medical assessment documents from a qualified professional.
3. Acceptable documentation can include an IEP (Individualized Education Plan), psychological evaluation, detailed letter from a physician that diagnoses disability and explains how it affects the student's academics, etc. The AS Program Administrator may also request further documentation to support the request for accommodations.

Please note: No prescription pad notes will be accepted.

4. If the documentation is deemed adequate and provided in a timely manner (two weeks before classes begin), the AS Program Administrator will provide the student with a letter of accommodation on NCCCC letterhead from Accessibility Services within five business days prior to the start of the semester.

Programs & Services

- Application Assistance
- Registration Assistance
- Liaison With Faculty & Campus Offices
- Placement Test Accommodations
- Developmental Courses
- Assistance in Acquiring Interpreters
