# Villa Maria College

## Disability Services

### About Our Office

#### **Accommodations**

Students with disabilities may request accommodations such as extended testing time, separate testing location, textbooks in alternate formats, and note-taking services. In order to receive accommodations, documentation is required that support the need for accommodations. Each case is handled on an individual basis.

#### **To Get Started**

Contact the Director of Health & Disability Services to schedule an appointment and provide the most recent documentation ahead of time, if possible.

#### **Achieve Program for Students with Learning Differences**

An optional support program that provides specialized services to support each individual in the transition to college. The program includes weekly subject tutoring, time management sessions, and specialized communication to parents.

### Programs & Services Also Available at Villa

#### **Student Success Center**

Tutoring and first-year advisement center that provides assistance with writing, math, music, and art.

#### **Career Services**

Provides students & alumni with a variety of career-related support services including resume writing, practice interviews, and job search assistance.

#### **Internships**

The majority of Villa students complete at least one internship as part of their program of study.

#### **Counseling Services**

Assists students as they work through obstacles that may be impacting them personally, socially, and emotionally.
