ABOUT OUR OFFICES

To Get Started

Contact: Accessibility Coordinator (David Skolen), the Achieve Program Director (Laura Pietak) or our Admissions Counselors.

Accommodations: Students with disabilities may request accommodations with the Accessibility Coordinator. In order to receive accommodations, documentation is required that support the need for accommodations. Each case is handled on an individual basis.

Achieve Program for Students with Learning Differences

An optional, fee-based program that provides extra academic and career support to students. The program includes weekly academic sessions, career workshops, student check-in meetings, and individualized attention.

PROGRAMS AND SERVICES AVAILABLE AT VILLA

Student Success Center

Provides services and programs designed to enhance all undergrad students' academic performances and promotes successful completion of their academic careers at Villa. The SSC provides student-centered planning to foster personal and academic growth that leads to empowerment and transformation.

The Care Center

Provides supportive services to promote emotional well-being and enhance personal growth that contribute to students' academic success.

Career Services & Internships

Career Services provides the assistance and support services needed to find your career path, locate and apply for jobs, consider graduate school, and take the next steps after Villa.

The career services team will help you explore your career options and goals, develop your resume, and prepare for your interview. To facilitate placement, the director of internships distributes internship opportunities to all eligible students.
